

CCNA eRouter Learning Networks, Second Edition: For Exam #640-801

This 180-day trial of the eRouter Learning Network is not a router emulator! This software-based router training tool performs ACUTAL ROUTING and can fully replace Cisco hardware! The eRouter is interactive software representing six Cisco Routers, two Cisco Switches, one TFTP host, and one Terminal Emulator. Together these elements form a virtual enterprise network to help maximize your performance and reinforce the essential Cisco networking skills
