

A Lovecraft Retrospective: Artists Inspired by H.P. Lovecraft

Millipede Press is pleased to announce A Lovecraft Retrospective: Artists Inspired by H.P. Lovecraft. This huge tome is four hundred pages long and features the work of over forty artists, including J.K. Potter, H.R. Giger, Raymond Bayless, Ian Miller, Virgil Finlay, Lee Brown Coye, Rowena Morrill, Bob Eggleton, Allen Koszowski, Mike Mignola, Michael Whelan, John Coulthart, Harry O. Morris, John Jude Palencar, and dozens of others, as well as twenty thousand words of original essays. This is an art book unlike anything ever published. Many works have never before seen publication, many are printed as special multi-page fold-outs, and several have detail views. A thumbnail gallery allows you an overview of the entire contents of the book and provides notations on each artist, work title, publication information, size, and location. Because of its sheer size and scope, A Lovecraft Retrospective will never be reprinted and will sell out very quickly. Twenty years down the road, people will be paying huge prices for this book because of its range and the quality of reproductions. This is the H.P. Lovecraft fans dream come true.
