

# A Newbies Guide to Kobo Arc: The Unofficial Quick Reference

Kobo, the company behind several of the most popular e-readers in a pretty big chunk of the world, isn't exactly a household name yet. The Kobo Arc, their entry into the super-competitive tablet market aims to change that with a sleek design, innovative features, and (unlike most other devices in the category) complete and open access to the Android ecosystem. Fully updated to take advantage of Android 4.1 Jelly Bean, Kobo Arc is a powerful tablet computer with the soul of an e-reader. This guide will take you through what you need to know to take full advantage of the device. We'll show you everything from the Kobo Store to custom launchers and everything in between, giving you the information you need to get started right away, leaving the fluff for people with time to waste. Ready? Let's do it!
