

Erotic Entrapment - a Dick Granite Story (Dick Granites Casebook Book 2)

A red hot tale from Dick Granites casebook. Who knew staking out an ex-stripper could be boring? Dicks on the trail of an alleged gold-digger, but its proving tricky to get some evidence of her being unfaithful. How about a spot of entrapment? Dick gets the pneumatic Ms Chastain in a compromising position that her elderly fiancee wants to watch. Contains tongue-on-Dick action and an unprofessional private eye putting on a sex show for a grateful old man. This short story is roughly 3,500 words long and is not intended for readers under eighteen. EXCERPT I had ten minutes to manoeuvre one horny Dick and one sexy ex-pole dancer out of the banquet hall. Fortunately, my research had actually turned up a few interesting nuggets of information. Striding across the hall, I took Poppys elbow and leaned close to whisper in her ear. Quick, your mothers in the hall. You need to get her out of here. Poppys pretty blue eyes grew hard and flinty. Turns out mater was a nasty drunk. Not the kind of woman you want gate-crashing your rich fiances soiree. Where? Follow me. I had her dancing at the end of the line, but how was I going to reel her in? She followed me out into the corridor and I led her up to the left where a dead-end was draped in heavy burgundy velvet. Where is she? Her eyes darted around. For the first time that evening, she looked truly uncomfortable. Poppy. I took her by the upper arms and pulled her further up the corridor. She turned those puzzled blue eyes of hers on me and I did the only thing I could think of. I kissed her good and hard. I pulled her close and claimed her lips the way a sixty-eight year would never be able to. She struggled at first, but it only took a few seconds for her to stop fighting herself and kiss me back. She tasted even better than she looked. Her lip gloss was sweet and fruity and the champagne shed been drinking added a bitter tone that set her off

to perfection. She smelled like some delicious concoction theyd serve up at the end of a four course meal.I may have started things, but it wasnt long before I realised Id handed over control the moment our lips came together. She worked me with her tongue, hurrying around the inside of my mouth, then settling into a slower exploration that brought a warm glow to my crotch. The girl knew what she was doing. But so did I.I let my fingers roam across the flesh exposed by her off-the-shoulder number. She trembled as my hands grazed her cleavage and I knew Id found her sweet spot. I groped her through the bodice of her gown and she moaned into my mouth.
