

Captured by the Count: An Abduction and Breeding Fantasy

Carolyn Faulkner, author of Amazon #1 erotic bestseller *Kept*, returns with a tantalizing journey into a fantasy of abduction and breeding. With her stunning white blonde hair, Cassandra Juliet Winthrop was always the belle of the ball in 1853 Atlanta, so much so that she began to think that it was a bit of a bore. But a tour of the Continent, now that would be exciting! Her indulgent father acquiesced with surprising ease, and she found herself, one night, at a splendid gala in Paris fairly that wreaked of European elegance. There was one fly in her ointment one man that refused to fall into line with the rest of her easy conquests. That man was Count Victor Andreiv Kaspersky Salkov. Miffed by his arrogance, Cassie ignores him. The Count is not a man who takes no for an answer and when he sees something he wants, he takes it. And so, with no warning and less apology, in the wee hours of one Paris morning as yet another dance is ending, The Count kidnaps Cassie. Gone are the parties and balls and galas and dances. Gone is the lifelong fantasy of becoming a cherished and pampered bride. In its place, is the Count, the man she is now bound to body and soul, and a daily regimen of punishment, degradation and complete and utter humiliation, and all with one goal: so she can serve his every whim, no matter how harsh, and bear him beautiful blonde hair children. His punishments are cruel and his possession complete. Cassie is a bound slave, denied all freedom. So, then, why is she falling in love? Why does she quiver at his touch and even at his merest glance? What is the hardest thing of all? Her new life or the fact that she loves it? At 25,000 words this is a full length erotic novel. Intended for adults only.
