

## A Womans Worth

With A WOMANS WORTH, Marianne Williamson turns her charismatic voice--and the same empowering, spiritually enlightening wisdom that energized her landmark work, A RETURN TO LOVE-- to exploring the crucial role of women in the world today. Drawing deeply and candidly on her own experiences, the author illuminates her thought-provoking positions on such issues as beauty and age, relationships and sex, children and careers, and the reassurance and reassertion of the feminine in a patriarchal society. Cutting across class, race, religion, and gender, A WOMANS WORTH speaks powerfully and persuasively to a generation in need of healing, and in search of harmony.
