

Beastmen of Ator: Alien Abduction

When Cara is taken by the shape-shifting beast men warriors of Ator, she gets hands on training in triad mating traditions. The Furians-Dagon, Gilen, and Joar had lost all hope of a future with the destruction of their home world until they stumble across an Earth woman they rescue from their enemy. Before she can be claimed by a rival beast clan, they decide to claim her for their own and set about initiating the triad mating ritual. That first published book, a historical, (which was actually her fourth attempt at a marketable piece of fiction) was successful, however, selling nearly 80,000 copies in the U.S., Switzerland, France, and the U.K. She writes various genres (or sub-genres since she always writes romance!) under different pen names. She has written science fiction/futuristic/fantasy under several Kaitlyn OConnor, in honor of her Scottish grandmother, Lyssa Hart, and Angeliqye Anjou (for the French ancestry), all combined here now under the single pen name Kaitlyn OConnor.
