

## Helsing Vol.1 #1 (Helsing: 1)

Samantha Helsing was born into a legacy she didn't want and struggles with her role as a hunter of the night creatures. She has no remembrance of her past but carries out her duties under the tutelage of her father-in-law and to uphold the over century old legacy that is the Van Helsing. She seeks out a mysterious group known as the Tophet which may be the link to her past and her memory but why can she only remember her husband as being dead but nothing more? A different take on the vampire mythos by award-winning author Gary Reed and artist John Lowe (Green Lantern, Fantastic Four)
