

## Amazon Awakening (Mills & Boon Nocturne Bites)

Rey Peralta has been sent to persuade Paola Lopes to return to Brazil and take up her place as Priestess of the Guardians, protectors of the sacred realm hidden deep in the Amazon rainforest. He knows Paola is the one they need to ensure their survival but he doesn't expect the instant blast of desire that sparks between them. Her beauty and power call to him, enticing him to merge with her physically and spiritually; a desire that only increases when they give in to their passion and make love. Can he convince Paola to accept her destiny and stay with her people and by his side?
