Warning! Adults only! Ava in Spankingland Book 1 contains scenes of spanking, masturbation, references to a programming language, sexy toy use, mousey style and much more. Ava is a software engineer who spends entirely too much time at work and not enough time on herself. Her only real friend is the stuffed cat she talks to on occasion and she worries that this is all life has in store for. Oh well, its midnight on a Friday, these are problems to worry about tomorrow! At work... Then a chance encounter in the night with a strange rabbit-headed man leads to a world where everything is wrongside up and rightside down and Ava finds strange pleasure in stranger places!
