

## Babies & Bonnets Boxed Notecards

Express yourself with these charming note cards. Tracy Raver and Kelley Ryden are sisters and professional photographers who have helped to launch a new genre of studio photography: newborn baby portraiture. Forgoing elaborate props or artificial contrivances, their minimalist approach allows the emphasis to be on the newborn, resulting in a zen-like simplicity that offers a glimpse of the grace and innocence that we all possess when we first enter the world. The images in this collection were taken from their book *Sleeping Beauties: Newborns In Dreamland*, published by Sellers Publishing. Four each of four designs (16 cards), with envelopes in an attractive reusable box.
