

Bartered Submission: The Billionaires Wife, Part 5 (A BDSM Erotic Romance)

The word is out about Felicia and Antons marriage, and Felicias feelings are becoming complicated. Can she get close to the husband she doesnt even know when his entire life is a wall around his past--and his heart? Does she want to? This 7,500 word short story is the fifth installment in The Billionaires Wife series. EXCERPT: Anton stepped across the narrow space, closing the distance between us. Reaching out, he stroked a finger over my cheek, a light, gentle gesture that left me trembling, my lips parted, begging for something I couldnt put a name to. We arrived in the master bedroom on the top floor. The room was dark, this late in the autumn, and the skylight above us was like a black hole. I imagined if it were to break we would be sucked out into space. Anton switched on a bedside lamp, then took me by the hand and led me to the

center of the floor, a few feet from the bed. The whole room was white and blonde, clean and fresh. Anton stood in front of me. His whole being screamed control, even in the way he relaxed his stance. The rock hard body underneath his suit hummed with tension. He had to control himself to relax, and, despite myself, my heart went out to him. What had happened to make him so guarded? What made him so alone? My fingers twitched. The gulf between us was so great, but if I could reach across it, if I could touch him where he stood trapped in his own iron grip...
