

## Bearing the Midnight Sun (Ice Bear Shifters Book 3)

Two lonely hearts have one shot at love before the Midnight Sun sets on the Alaskan summer... Kat Peterson has had a rough year, to put it mildly. Her fiancé broke up with her right after her father died, and she escapes to Alaska for the summer to heal from the heartache. She's determined to get in shape before returning home to win back her ex. She's so busy trying to change herself that she doesn't see the sexy bear of a man standing right in front of her. Polar bear shifter Tyler Cox has never seen a woman as lovely as Kat. But when Kat walks into the gym where Tyler works, she definitely isn't looking for a new man. Instead, she's hell-bent on winning back the scumbag who dumped her. Tyler resigns himself to being just a friend while Kat heals from the sorrow of a tough year. But as the summer draws to a close, his feelings only grow stronger, no matter how much he tries to resist them. Read this sizzling summer romance to find out if Tyler can convince Kat to take a chance on him before she walks out of his life forever. *Bearing the Midnight Sun* is part of Sloane Meyers Ice Bear Shifters Series. While this 25K word novella can easily be read as a standalone story, you'll likely enjoy reading all of the Ice Bear books! Please note, this book is intended for mature audiences and contains explicit love scenes as well as adult language.
