

Little Louisa: a BDSM ageplay romance

Louisa's chance encounter with Frank Rivers leads to a huge change in lifestyle, and a sex life she would never have believed possible. Frank is intelligent, kind, charming, sexy ... and deliciously kinky. At the outset of their relationship, he tells Louisa about his kink, and she is both excited and fascinated. Before too long she becomes Daddy's little girl, enjoying his attentions as he pampers her with bubble baths, pretty clothes, good girl spankings, delicious temperature takings and other treats. Louisa submits to Frank's dominance and thrives as their relationship develops. But Louisa isn't always well behaved, and on such occasions she needs a strict daddy to take her in hand, give her some loving guidance and administer firm discipline on her naughty bottom. He pushes her in ways she never thought possible, and sometimes he refuses to let her wear her big girl panties - or no panties at all! But above all, he cares for her, protects her, and encourages her to be the person she wants to be, fully embracing her Little side. A fun and kinky read packed with steamy sex and erotic pleasures between two engaging characters who grow to love each other. Publishers Note: Little Louisa is an age play book. It includes anal play, explicit sexual scenes, and elements of medical play. The punishments include humiliation, corner time, spankings and BDSM S/M themes. Please don't buy this book if such material is likely to cause offence.
