

How to Solve Divorce Problems in California in 2015: How to Manage a Contested Divorce -- In or Out of Court

An estimated 70 percent of California divorces encounter problems. This book addresses issues based on the most current law, for both respondents and petitioners. Readers learn to define strategies, protect themselves, negotiate a fair settlement, and handle the case in court. Anyone enduring a California divorce that is not going smoothly needs this book. Whether problems are minor or huge, this book shows readers how to overcome them and move their case forward. This indispensable guide includes instructions on how to plan and prepare a case, work both with and against an attorney, and on how to get the information you need. If a case ends up in court, the book shows readers what to do at trial. Also included is a CDROM with court forms that readers can fill in, along with demo versions of CalSupport and DealMaker software.
