Excerpt: He nodded his head, and dug into his pocket to pull out his Hugo Boss wallet, before taking his black credit card out and handing it to the girl behind the cashiers desk. He grabbed all my bags almost absentmindedly, and gestured at me to grab his card for him. We walked out to his BMW and put everything in the truck, and as we got inside and he started the engine, he seemed to snap out of his thoughts. Wait a second, you werent wearing that when you walked in. I laughed. And here I was thinking you werent paying attention. His eyes roamed across my body taking everything in. Has anyone ever told you that you have a great body? I laughed again. Youre not too bad yourself. He nodded and ran his hands over the steering wheels, still staring at me. I like that on you. I felt a thrill and adrenaline rushing through me, as I leaned forward to look him in the eyes. Without hesitation I leaned forward even more and kissed him softly, before I felt his hand on the back of my head, holding me in place as he kissed me harder, forcing his tongue deep inside my mouth. I felt my cock hardening as he kissed me passionately, his other hand roaming down to squeeze my groin. Fuck. He said, pulling his lips away from mine. I could clearly see a bulge in his pants, as he

hurriedly fumbled with his belt buckle. My eyes widened and I looked around as I realized what he wanted to do. Max, not here. Not in public! He didnt seem to care, as he unbuckled his belt and unzipped his pants. He talked fast, urgently. The windows are tinted, and besides were surrounded my cars. Nobody can see us. It was true, but still as I looked out the window I could see other shoppers going in and out of the store. I had never done anything like this in my life. I knew I had to say something. I cant have sex in public. I said, even as I slowly reached out my hand to feel his bulge through his Versace boxers. Max just smiled at me, a cocky smile that said Youre going to get fucked like a slut, and youre going to love it. And he was right. There was nothing I could do to resist him now, and he didnt even have to reply as my eager hand stroking his cock through his boxers told him everything he needed to know. He quickly arched his back and pulled his boxers down as well, his thick white cock springing up, already hard.
