

## Angel: Book 3

Clancy returns home and faces his likely future devoid of his memories of Diana. Still empowered with self-will, he refuses to let the authorities wipe out all he holds dear of his love. Misery and depression are not allowed in the Big Guys home. He and His counselors believe he is no longer fit to stay and decide to give Clancy a harsh decision to make. Will he lose his memory and live in a place of everlasting peace and joy? Or will he lose his wings and all angelic powers?
