

Unwanted Desire (Alpha Colony Book 3)

When Barbary Pride lions are blamed for the brutal murder of a she-wolf-shifter, animosity flares and tempers ignite. In a moment of desperation, the victims mate kidnaps Jizette and threatens to return her, one piece at a time, until the murderer is turned over to Timberline pack. Kash is afraid his grief-stricken friend will follow through with his grisly threat, so he hides the terrified cat, giving her pride time to investigate the murder. Jizette isn't sure what to think of her rescuer. He's gruff and aggressive, and stirs feelings she doesn't want to feel. Interspecies couples are shunned. Forbidden. Yet, the flash of his eyes, and the press of his muscular body, make her burn as never before. To protect her, Kash must take her beyond the walls of Alpha Colony, and expose her to a world she's never experienced before. His rash plan might incinerate the sheltered beauty, or free her to become more than she ever dreamed possible. SCORCHER warning! This series is hotter than my other books and features scenes guaranteed to make you squirm. If you're offended by sensual spanking, light bondage, or seriously dominant males, please choose one of my less erotic books. Either way, enjoy! From Cyndi: The Alpha Colony series has always been a fan favorite and I'm hoping the re-launch will introduce these highly sensual paranormal stories to some new readers. This series is set in the near future and features shapeshifters, primarily feline but I throw in a wolf-shifter or two. All four books are just \$0.99, so I hope you'll check them out.
