

Satisfying Her Needs: The Moral Descent of a Horny Farm-Wife

He pushed her away. Dont you have a husband? Hes in the house, she answered. He wont come out here? he asked. Hes probably fast asleep by now, she said, trembling. He grinned and kissed her again. This time she felt the impatient thrust of his tongue against her lips. She willingly opened her mouth and felt his tongue slide deep into her mouth. She started rubbing her tongue lewdly against his. She felt a shivering spasm of pleasure going down her back. She closed her legs tightly together around the tingles she was feeling. I shouldnt be doing this, she said softly. When 25-year-old Tiffany married farmer Will, she imagined a life of rolling around in the hay and the romanticism of the open country-side. What she didnt figure on was the long hours he would put in, and the subsequent sexual neglect she would suffer. She was a city girl after all and needed her fill of physical excitement. So when she comes across escaped convict Jimmy on her husbands land she is more than ready to let the rough, tough, bad-boy take her in anyway he pleases. What follows is her slow descent into the lewdest promiscuity. From seducing the law enforcement officer hot on Jimmys heels, to a FFM liaison with Jimmy and his wanton cousin, with the two horny studs who offer her a very different ride home, to the town thug at the cinema, Tiffany will let herself go and allow herself to be ravaged in a myriad different ways, front and back. Written in an uncompromisingly licentious prose that leaves very little to the imagination, Satisfying Her Needs will be sure to satisfy those who are fans of pulp erotica. Very naughty indeed.
