

Her Stepbrothers are Dragons

Holly Brewner knew she had a problem with Christmas Eve, but she thought her way of celebrating was better anyway. Twelve days of gifts and on Christmas Day, the big one. Her father and she had celebrated every year like this, but this year was going to be different. This year she had a new stepmom and two stepbrothers, who happened to be dragons, and that changed all her plans. Upon their arrival, her house burned down, she was shot at, and now she was staying in a cave for two days as if that were normal. On top of that, her two stepbrothers, Darius and Malcolm Longfellow, were claiming they were her mates and that they were going to marry her on Christmas Eve.
