

Spectacular Stranger (Adult Romance)

Bestselling author Lucia Jordan brings you the first book in the SPECTACULAR STRANGER SERIES. Follow Kelly as she is left jilted at the altar, which may become the best thing that ever happened to her as she embarks on a journey of loveless lust. However, a one night stand with Scott becomes more complicated than she anticipated when she becomes embroiled in a struggle between her passions and her need to be loved. Things only get worse when her fiancée returns and she must decide between the man she once loved, and the one she is desperately falling in love with. This series contains very explicit descriptions of romantic activity during a love affair between the heartbroken Kelly and the lovelorn Scott. Spectacular Stranger Book 1: Wedding blues Still reeling from her cancelled wedding day, Kelly goes out in search of a casual encounter. What she finds is Scott an unassuming man who agrees to give her what she needs, but what she gets is a night to remember on an epic scale. *** A little preview: The club was half empty but she didn't care, all she wanted was to drink and dance and moment after entering the club, she was getting both in unlimited amounts. She had always been pretty good at holding her liquor and she now made the most of that ability. She turned around to watch the few dancers there were, and a tall man in a white crisp shirt and black pants caught her eye. Instantly, she felt drawn; she knew that was the answer to that nagging feeling. That was truly what she wanted to do. She wanted to be taken by a stranger, by this stranger, by anyone who would give her pleasure. Jake had been the only man who ever touched her. She had always bragged that she had only ever known her boyfriend, her fiancée, her husband-to-be, but what a waste of her youth that had been. And she no longer wanted Jake to be that special man the only one to have penetrated her. She wanted to let loose and

lose her mind to new pleasures.
