Series: Safe Word: Oasis; Prev Book: Out of my League  
Genre: BDSM MulticulturalFate brought them together, but then it ripped them apart. Eight years later, Wilder is still wishing for more time with the dark-skinned beauty he held in his arms for a weekend, and Lydia is still searching for a man worthy of being called Master. At Oasis headquarters, they're in the business of making dreams come true. Any wish they agree to fulfill means making conditions perfect for soulmates to connect. So when their new wish coordinator is perfect in every way but one--she's never had her deepest desires fulfilled--the management at Oasis requires her to make a wish. Only Lydia doesn't want to risk her heart. So she makes a partial wish. She wants to serve a Dom without the complications of a romantic relationship. Wilder Burke, son of the Oasis founders, is just the man for the job. Years of accumulated misunderstandings means he must settle for the little bit Lydia's willing to give. But when Lydia pushes him too far and he violates the terms of their agreement, he fears he's lost her for good. Will Wilder fight for Lydia, or will he let fate tear them apart once more?
