

A Bear In the Honey (BBW Unintentional Mail-Order-Bride Paranormal Shifter Romance)

Sebastian Fields is a werebear with an unconventional hobby: keeping honeybees.

Unfortunately for him, bees don't like bears, and the stinging critters aren't cooperating. At wit's end and with nowhere else to turn, he puts out an ad desperately seeking a beekeeper's assistance. Little does he know, however, the chain of events he's about to unleash. Because when curvy professional beekeeper, Sara Carlisle, reads his cry for help, she's more than ready and willing to help out a fellow beekeeper in need. The problem is, once Sebastian lays eyes on the voluptuous bee whisperer, he forgets all about his bees. Instead, he starts fantasizing about sinking his tongue into a different kind of honey. And as for Sara, she, too, falls head over heels for the sexy hunk who shares the same passion she does. She has no idea, however, what sort of beast lurks inside. Bears are stung and hearts are broken, but one thing remains certain in this sexy shifter romance: when an alpha male wants a taste of woman's sweet nectar, nothing will deter him from claiming her hard, fast and forever!
