

# Can I Sue Facebook? (Ninety-Nine Cent Legal Opinions)

A hypothetical client sits down in a lawyers office, lays down a hundred bucks, and wants an answer to the question, Can I sue Facebook? The lawyer takes the cash, and listens to the clients tale of woe. His Facebook account has been turned off -- perhaps, he suspects, because he joined a political group on the website that was criticizing BP, perhaps for no reason at all. His net loss? Some photographs that were stored nowhere else. A half-hour later, the lawyer passes the client a legal memorandum that answers the question. This Mini-Memo is a quick, informative review of the law that might well be applied to the hypothetical situation, written by White-Hat lawyer Charles Carreon, whose first foray into legal nonfiction, *The Sex.Com Chronicles, A White-Hat Lawyers Journey to the Dark Side of the Internet*, describes a real-life running battle on the Internet highway that made Charles client a millionaire and established a milestone in Internet law.
