

CCNP: Cisco Certified Network Professional Exam Notes

The CCNP (Cisco certified network professional) program requires candidates to pass the CCNA exam and four additional exams - Routing, Switching, Remote Access, and Support. This text provides concise summaries of key points for each exam objectives and should provide a useful review guide. The accompanying CD includes samples from each of the four CCNP tests, a PDF version of the entire book, and bonus content from Sybex's CCNP e-trainer product line.
