

The Chieftains Daughter (Chieftain Series Book 5)

Frances Housden returns with her best-selling, award-winning Chieftain series in this short novel about a young woman with a strong will and a sharp mind, and the man who has nothing to offer but his heart. Maggie McArthur never thought she would meet her fate in a clash of swords. She may wield a sword more skilfully than a needle, but it was more luck than proficiency that led to her piercing Dhugal Robertson through the shoulder. Frightened she has killed her opponent, Maggie stays to give him aid and ensure he returns to Sgian House safely. She may be the Chieftains daughter, but she is perfectly capable of playing the healer for a few days until she is sure Dhugal will survive. The tender feelings he seems to inspire is nothing more than concern. After all, no suitor has ever raised her interest, so why should a penniless warrior with no clan to call his own? Dhugal's pride should be as wounded as his shoulder from being bested by a woman at sword play, but the sight of beautiful black hair spilling from under his opponents bonnet has not only distracted him from his injury, but intrigued him, body and soul. But his attraction is doomed from the beginning. Though he could fall heart-deep for Maggie, she is the daughter of one of Scotlands most powerful Chieftains, and Dhugal is head of a penniless, homeless clan, a clan stripped of both pride and material possessions. What father would accept the troth of such a suitor? What woman could accept the hand of a man who has nothing to offer but love?
