

Chronicles of Eden - Act VI

If you're a fan of epic adventures, horny monstergirls, or harem anime/manga, this is the series for you. Be warned that this story is for mature readers due to explicit content. I.E. horny monstergirls. Daniels quest to unite the races of man and monster in Eden continues as he and his growing harem venture towards the next monster ruler to speak about their hope for peace. The number of girls he has to take care of and protect is growing, and as such he needs to better learn how to keep them safe with his newfound power before something unfortunate happens to one of his precious mates. However he's not the only one with a group of monster girls following his quest through the world, as there is another who seeks a goal of his own and has a growing number of monsters aiding his cause as well. Will Daniel find the strength like this mysterious swordsman has to defend his mates from harm, or is the power this fellow traveler wields something inhuman entirely?
