

## All England Annual Review 2011

The All England Law Reports Annual Review contains detailed analyses of decisions reported during the previous year in the All England Law Reports, All England Law Reports European Cases, All England Law Reports Commercial Cases, Butterworths Company Law Cases, Simons Tax Cases and Butterworths Medico-Legal Reports. The Annual Review was conceived with the busy practitioner and law student in mind. Written by leading academic lawyers, it has been welcomed by the profession as a lucid and accessible synopsis of current trends and as a valuable move to narrow the gap between academic legal theory and the reality as experienced by practitioners. For students wading through standard texts, this work provides a stimulating overview of the subject by debating cases still fresh in most minds. It consists of 25-30 chapters covering various aspects of the law. It is suitable for legal practitioners; law libraries; and law students.
