

Codename Spring (Codename Rebellion Book 3)

When Evard Keenan sends for a pleasure ambassador, Spring knows its the only opportunity shell have to recruit the mysterious chemist. She anticipates the danger of her mission, yet shes unprepared for the passion that ignites with their first kiss. Never before has she longed for another with such aching intensity. She believes in the Resistance, and shell complete her assignment regardless of the cost. But how will she find the strength to walk away?Evard is every bit as much a captive of the ruthless Gathosians as the people of Earth. He knows the Resistance is his only hope of escaping his tormentors, and hes just as sure Spring is part of the Resistance. Hell seduce her, captivate and pleasure her, until the thought of leaving him behind is intolerable.**SCORCHER** warning! This series is hotter than my other books and features scenes guaranteed to make you squirm. If youre offended by light bondage, or seriously dominant males, please choose one of my less erotic books. Either way, enjoy!From Cyndi: The Codename Rebellion series has always been a fan favorite and Im hoping the re-launch will introduce these highly sensual paranormal stories to some new readers. The other books are only \$0.99 as well, so I hope youll give them a try.
