

Adult Coloring Book: Volume 1: A Stress Relieving Celebration of Life, Love & Pride (Color With Pride Stress Relieving Adult Coloring Books)

We live in exciting times, where events like the recent U.S. Supreme Court decision in *Obergefell v. Hodges* allow us to imagine a world of growing peace and tolerance. It is in that spirit that this book, and the series that follows, were created. This book was designed to captivate you and spark your inner artist, even if you can't draw a stick figure! Use your imagination and the colors of the rainbow, to bring life to the images that we have put together for you. Be inspired by the people, places and abstract, challenging and fun images that fill these pages. Use them all to help you release from a world that, while more accepting by the day, still presents the Pride community with stress-filled challenges. Step away from the world of micro-aggressions and intolerance and find a refuge where you can relax and relieve stress. Turn off your electronic devices, find a picture that captures your imagination, and Color With Pride! Color alone, with groups of friends, or with friends to be. There are no rules here. Each new page offers you an opportunity to lend your individual touch and interpretation to this book. So dive into the meditative, nostalgic and blissful world of stress-relieving coloring books, and share the coloring book craze with your friends and families! Please know that in the interest of promoting further momentum towards tolerance and acceptance, ten percent of all profits from the sales of the Color With Pride coloring book series will go to LGBT Support Groups worldwide.
