

Conan Volume 12: Throne of Aquilonia

Conan finds himself wrapped up in a plot to unseat the king of Aquilonia as his journey down the Road of Kings concludes. But when everything goes wrong, the Cimmerian and his co-conspirators become lost in the catacombs beneath the city, surrounded by zombies and monstrous insects, all while a civil war brews above their heads! Also in this volume, an encounter at a tavern lands Conan at the end of every sword in a small port city, in a story leading directly into Brian Wood and Becky Cloonan's acclaimed Conan the Barbarian!
