

GLITCH (Corporate Hitman Book 1)

Liam Gallagher, AKA Glitch, is the brain behind a trio of corporate criminals. Formerly known as one of the most notorious hackers in cyberspace, he now works to keep Hawk Global Industries one step ahead of its competitors. But there's a catch. Being blackmailed to do what he does best isn't how Glitch plans to spend the rest of his life, and his partners in crime feel the same way. When an old flame crosses his path unexpectedly, Glitch and company learn that betrayal is on the horizon for them. It's time to put a plan in motion and reclaim their freedom, once and for all. Things are going to get pretty nasty along the way, even a little sexy, but it's all in a day's work for a Corporate Hitman. *Intended for readers 18+ due to graphic language and adult content*
