

Viking Warriors Megabook

VALHALLA HOTT: Hott, a massive, powerful Viking warrior, loses everything he has to live for in a murderous raid. That is, until the mist parts in the forest he has set out to die in and Odin gifts him with his own special Valkyrie. His little Valhalla Goddess tastes like sweet nectar and honeysuckle. She is filled with passion and fiery heat. Hott can't keep his hands off her. He vows to take her to his homeland and keep her safe from harm. But first he needs to verse his little Valkyrie in the arts of all forms of sexual pleasure. Almost all the women in Hott's village were killed in the raid. Hott will share his Valhalla gift with only one other, his brother Ulfr, whose insatiable sexual appetite burns as scorching as his own. Valerie is a woman of the twenty-first century. When she is faced with the idea of not one, but two huge, hot lovers in her bed, the ideas of overwhelming pleasures flow faster and hotter than the juices within all three of them. Her Viking warriors, one fair-haired as sun-ripened wheat, the other, dark-haired as a demon, are not only the sexiest men alive, one is decidedly more he is more than just hot, he is Valhalla Hott!

VALHALLA WOLF: Have you ever wished your knight in shining armor would ride in from the mist under a cloak of protected shield and save you? Vicki had wished for the same thing...but her knight turned into a massive, gorgeous, Viking warrior, wielding a sword of such magnitude it dropped her to her hands and knees, literally! Ulfr the barbarian comes at her hard and fast. He is determined to brand her body and make her his own with his sizzling touch. Flames of desire ignite Vicki's deep yearning for naughty, wanton passion turned to love. Add another Hott Viking to the duo and turn up the heat. When the three are together there is fire in the furs. Hott is a blond powerhouse of steely muscle. Ulfr is a dark animalistic predator hungering to be satisfied. It is his

desire to bend Vicki to his every wish. Vicki in turn, has some cravings of her own. But she soon comes to realize Ulfr isn't just some predatory myth, he's a Valhalla Wolf! VALKYRIE HEAT: The handsome, alluring face of the love of Sky's life fills her fantasies while asleep and awake. Her body aches to feel his touch. Her skin tingles with heat that burns whenever he is close. Sky would do anything to be in Rolf Hammers arms. Sadly, she knows it's not meant to be. One fateful day, a virtually unexplored cave full of mist and a handful of tenth century coins propels her back in time. A time filled with fierce Viking warriors who take what they want. And they want Sky. Sky is captured into the arms of two mighty warriors, Rolf and Brandr, who are identical to the man who fills her fantasy world and a co-worker who is determined to have her fulfill all of his heated sexual desires. Sky is considered a Valkyrie, a gift of the Gods. When Sky dances, her sultry erotic moves make many a man burn with searing passion and desire. But they can't have her. Her two Viking warriors will allow no one, save themselves, access to her Valkyrie heat.
