

Gavins Submissives (Creek Valley Book 1)

Heidi finally leaves her abusive husband after several years of unhappiness. She moves back to Creek Valley to be with her friend, Landon. However, she can't be with Landon because he's in a serious relationship with Gavin. Gavin is a Dom and he doesn't like to share. When his lover tells him about Heidi and her submissive side, he's intrigued by her, but he can't live without a woman in his life, as long as Landon is with him. From the moment all three meet up, the chemistry between them sizzles. Gavin sees Heidi's submissive side and her fear of him. When all of her protective walls break down, neither of them are prepared for Landon's decision. How can someone choose between the two people he loves? Can Landon fix what he has broken? And can Gavin handle having two submissives under his care?
