

Deandra Gets On The Alpha Train 2 (BWWM Interracial Shifter Menage Romance)

The Pack Omega was busy between my legs. Our Alpha crawled across the bed to kneel next to my face. I don't know what I've gotten myself into. These two gorgeous white werewolves initiated me into their Pack, and now we're off to meet the rest of their village. They keep calling me their Grace, some kind of formal title in the Pack. I can feel myself changing as well, and my new senses make these men smell and taste even better... My pack Omega licked her with primal passion. I hungered for her as well, so I lowered my head next to his... Victory is a strange feeling. We've done it: we've found our Grace at the last moment in the last place we thought to look. But now we have her, and she's coming back to meet the rest of the Pack. She's dark skinned, thick and mouth-watering. I just hope we can keep our hands off her long enough to not miss the train stop! Over 7,800 words of a black woman being double teamed by two alpha male werewolf white boys.
