

Dark Quarry: A Mike Angel Mystery (Mike Angel Mysteries Book 1)

Lust stalks Mike Angel as he stalks his fathers killers. The first of the Mike Angel Mysteries of historical, erotic novels. Set in the New York/New Jersey and Chicago areas in 1960. Plenty of action and seduction in this case connected to the infamous Purple Gang of the 1930s. Burdened by the unsolved murder of his father, a career NYPD lieutenant whose voice warns whenever danger is near, 30-year-old Mike Angel is a Korean vet and bored private investigator of insurance fraud. When a wealthy ex-college buddy hires him to tail Joe Ambler, a petty blackmailer, Mike fixates on Kimbra, a stunning beauty who kills the blackmailer with a lucky shot from a peewee .22. Mike impulsively helps her dispose of the body and finds himself on the wrong side of the law. Mike discovers the dead man was the grandson of a feared and legendary mob leader, founder of Detroit's Purple Gang of the 1920s and 30s. When a well-dressed thug comes looking for Ambler, and the wealthy buddy who hired Mike runs off with Kimbra and is murdered in the Bahamas, Mike is turned around on the case. While searching for Kimbra, Mike stumbles across connections to the Russian-Cuban branch of the ring responsible for a string of unsolved murders in three states. The discovery leads to a chain of events and a frame up. Mike is convicted of murder, and is sent to the federal prison at Trenton. A lustful but single-minded newspaper woman, Heddy McBright, visits him in jail right before a break is planned. Warning! This is a Noir Novel complete with sarcastic humor back when PC wasn't eroding logic. If you find yourself laughing occasionally, that's okay. It's not a comedy.
