

Doing Justice, Doing Gender: Women in Legal and Criminal Justice Occupations (Women in the Criminal Justice System)

Doing Justice, Doing Gender: Women in Legal and Criminal Justice Occupations is a highly readable, sociologically grounded analysis of women working in traditionally male dominant justice occupations of law, policing, and corrections. This Second Edition represents not only a thorough update of research on women in these fields, but a careful reconsideration of changes in justice organizations and occupations and their impact on womens justice work roles over the past 40 years.
