

Disciplining the Maid (A Medical Historical Humiliation Story) (Doctor Mastertons Demands Book 2)

One of the duties of new maid Erin is to help patients who come to Doctor Mastertons office for a private consultation. On Erins first day, one patient, Mrs. Herringway suggests the maid needs regular maintenance discipline and demonstrates how the doctor should keep her in line in a way that is both painful and humiliating. As if that were not alarming enough, Mrs. Herringway tells the doctor how she punishes her own maids - giving him ideas about discipline for Erin, enough to make her both wet and never want to misbehave again. But, as it turns out, Doctor Masterton has his own brand of punishment in mind... **This 5500 word short story of Erins humiliating punishment is strictly for adults** Note: Disciplining the Maid can be read as a standalone story but it is also the second episode in the series Doctor Mastertons Demands. If you would like to read the series you might prefer to start with the first episode The Maids First Time, (<https://www.amazon.com/dp/B01HYMK8SK>) and look out for all five stories covering Erins escalating exposure and excitement as the doctors assistant.
