

## Embrace Me Forever (Passions In The Park) (Volume 3)

Will The Evil End Here? Upon returning from the wedding of his brother, Gentry, Gunnar Beauchene is informed of a problem with some dead animals in the park. The stench is so horrific the campers in the affected area are leaving by the dozens, unable to cope with the smell. Gunnar is concerned there are poachers in the park, poisoning animals or worse yet, a sickness that is causing the deaths. But what he finds out, and the scene he discovers will rock him to his core. With the help of Tess, his high school sweetheart, who is now an FBI Investigator, Gunnar is thrust into the darkness and despair that embodies everything Walter Bantus, the original Evergreen Killer, has created. Gunnar and Tess find out why Walter Bantus kills, where he came from and what made him into the monster he is. Will the journey bring the two of them closer together or closer to death as they hunt down the man who is responsible for so much misery? How many more will die before they can put an end to his killing spree? Jump into the mind of a serial killer. Come along with Gunnar and Tess as they pursue leads in an effort to stop the monster from ever killing again.
