

Edison Cylinder Phonograph Companion

George L. Frow's long-awaited book *Edison Cylinder Phonograph Companion* is available at last. Several years in production, this book is a great expansion of his previous two books on Edison Cylinder Phonographs. Within its 432 pages, the reader will find exhaustively researched facts about all aspects of Edison's Cylinder Phonograph research and manufacture. Each model of Phonograph is illustrated and described. This latest edition has greatly improved illustrations and is handsomely hardbound.
