I she started, before lowering her eyes momentarily. just dont want you to feel obligated about thisthing between us. Theyre the words of a woman who doesnt recognize when she has a good man right in front of her. Theyre the words of a woman who doesnt recognize when its time for her to embrace happiness, and move all the way away from the past. Theyre the words of Kennedy Danielspost her recent awakening. Readers first met Kennedy Daniels and Javier Zamora in the novelette, Kennedys Awakening, where they enjoyed a lust-filled week together in beautiful southern California. Love hadnt yet entered their realm, but it did appear that they were headed to the next phase of what looked like it could be the start of something amazing. But Kennedy isnt used to a man like Javier, and since old habits die hard, in no time at all, Kennedy reverts to her pattern of self-sabotage. Enter Tariq, the ex-boyfriend. A misunderstanding lands Kennedy right back in his presence; but while its strictly platonic for her, and something to fill a void, its much more for Tariq. And when Tariq realizes that its not he who awakens Kennedys desires, and that her heart and head are elsewhere, his true character begins to emerge. As situations begin to escalate, and desires arent the only things to awaken, Kennedy soon finds herself in a struggle for her heartand maybe even for her life.
