

Teaching with iPad How-to

Use your iPad creatively for everyday teaching tasks in schools and universities

Overview Plan your lessons on iPad and share notes quickly Use exclusive iPad 3D resources for more engaging learning. Use your iPad for creating and giving presentations. In Detail The iPad is a great teaching tool. It is an amazing eReader for accessing textbooks and journals. It is also great for multimedia content like videos, audio, presentations, and 3D animations. Most importantly Apples app ecosystem makes it very powerful. You can find apps for almost any teaching task in app store and use them instantly. You will start with simple tasks like creating presentations and visualizations. Soon you will be making interactive books and resources as well as teaching practical lessons such as music and art!. Teaching with iPad How-to starts with the most basic task of planning your lessons. As you go through the book you will learn how to carry your textbooks on Little Books, create your own resources and finally publish your courseware. Be it organizing your notes, creating charts and presentations, or just recording attendance, this book will help you do all these tasks very efficiently on your iPad. In this book, you will also learn to create and distribute timetables, create your own textbooks and make your classes interesting and full of information by using the iPads 3D and subject-specific resources. You will learn to make your teaching job interesting and engaging for your students by using iPad as your teaching and organizing tool. What you will learn from this book

Planning your everyday lessons on the iPad and creating presentations and charts

Managing attendance records and student profiles on the iPad

Organizing your notes and sharing them through your iPad as well as carrying your textbooks on your device

Creating and managing your timetable on the iPad

Projecting the content of your iPad on a large screen and interacting with your class

alongside Creating and publishing your own interactive books and teaching resources Teaching students with special needs in a very effective manner Approach Teaching with iPad How-To is a crisp and systematic guide organized into various step-by-step recipes that will enable you to utilize the power of your iPad to make your daily teaching tasks easy and interesting.
