

Employment Discrimination Law under Title VII (Legal Almanac Series)

Employment Discrimination continues to be a problem in the U.S. Employment Discrimination Law Under Title VII explores the various methods and definitions of discrimination in hiring practices and promotions encountered by women, minorities, disabled persons, and others, and provides information on how to combat and counter such practices. The Legal Almanac series serves to educate the general public on a variety of legal issues pertinent to everyday life and to keep readers informed of their rights and remedies under the law. Each volume in the series presents an explanation of a specific legal issue in simple, clearly written text, making the Almanac a concise and perfect desktop reference tool. All volumes provide state-by-state coverage. Selected state statutes are included, as are important case law and legislation, charts and tables for comparison.
