

Erotic Fantasy: Let Your Imagination Soar

Dark Desires When two young men find themselves deep within the hidden forests nothing could prepare them for the sinfully delicious harem of sweet, tender virgins that stood before their eyes. But these honey fleshed beauties aren't at all ordinary. They come from a world beyond our own and are willing to do anything to please their human masters. Known as wisps to some, fairies to others they are wide-eyed and innocent, with perfect curves and the tightest of places. The humans are treated like Kings, bathed and fed while pleased over and over again. The golden haired angels need human seed in order to repopulate and will do anything their Masters command of them, including each other. The Billionaire who loaned me Early reviews are pouring in: This one had everything....a car chase, steamy sex, and a jaw dropping ending/cliffhanger. ~Nikki Nik on Goodreads Loaned Me picks up where Cloned Me left off.
