

Evidentiary Foundations

Edward Imwinkelried's *Evidentiary Foundations* has sold more than 125,000 copies in its publication life. This time-tested evidence treatise covers all the major evidentiary doctrines, and includes expert analysis of statutory developments along with discussions of the presentation of hard copy exhibits in court using document cameras and the presentation of digital exhibits using monitors or projection screens. Detailed explanations of evidence principles include: A brief description of the pertinent Federal Rules of Evidence and the most recent leading cases construing the Rules a list of foundational elements-the events and facts you need to lay a complete foundation an illustrative foundation showing how each question relates to a particular element of the foundation The Ninth Edition introduces new coverage on topics such as scanned documents, learned treatises and ancient writings. In addition, in light of advancing technology, the Ninth Edition updates the foundations for audiotapes, videotapes, and automated surveillance cameras. The eBook versions of this title feature links to Lexis Advance for further legal research options.
