

An Erotic Trilogy: 1. Dear Diary

Each of these three novellas begins with the same circumstance; a young man being dropped off at a deserted guest house for the weekend, as a forecasted noreaster begins to roll through. He goes for a long walk and gets caught in the beginning downpour which soaks him through to the skin. He gets rid of all of his clothing into the washer and dryer. That is when the power goes off. He can do nothing but retire for the night. Another visitor unexpectedly arrives after walking from where her car ran out of gas. In the walk up to the house she becomes soaked. The young woman knows nothing of anyone being there ahead of her, or the circumstance into which she will be walking. When she thinks to crawl into an empty bed in the dark and encounters someone already there, is when the fireworks begin to fly!
