

## Forever (The Forever Series) (Volume 1)

Liv Nelson has a history that spans a millennium. She has everything a girl could want. A global empire, money, power, eternal youth, beauty, a car for every day of the week, a wall full of shoes, and men who worship and desire her - Just some of the perks of being a thousand year old Vampire. But with the good comes bad, and she realizes that even with eternal life she may not be able to escape the demons created by her past. Caught in a web of love and desire, she is torn between the three men with whom she could share forever. Constantine, her maker, Devon, the immortal she made, and Cole, a human actor who has also stolen her heart. As the demons of her past reveal she is the object of a shocking revelation, which brings with it an uncertain and unwanted future, will she make the right decisions?
