

Operation: Forbidden (Morgans Mercenaries series Book 33)

Helicopter pilot Captain Emma Cantrell has a chance to clear her military record in war-torn Afghanistan. She's not about to let anyone get in her way, especially Afghan Captain Khalid Shaheen. Emma can't deny Khalid is total eye candy. But she's fallen prey to his kind of charm before and she never makes the same mistake twice. Khalid's fight against the insurgents makes him a target, but his need for justice runs deep. He can't jeopardize this perilous mission by falling for Emma, but he soon finds that might be a losing battle. And when Emma is kidnapped, can Khalid rescue her in time to give their love a fighting chance?
