

## The Innocent Young Maid

Lauren is about to go off to college and is looking for a local job to earn some money. When she answers an ad for a cleaning woman, she isn't expecting to show up at the house of Evan Black, one of the richest men in the world. She doesn't have to do anything she doesn't want but, since she's never done ANYTHING, she has no idea what she doesn't want ... And ends up doing everything! This story contains adult, erotic content that some readers may find objectionable.
