

A Study in Consciousness - A Contribution to the Science of Psychology (1904)

This text contains Annie Besants seminal treatise on consciousness. Chosen for its significant historical and education value, this fascinating exposition on consciousness will appeal to collectors of Besants work and constitutes a worthy addition to any discerning collection of Psychology literature. Annie Besant (1847 - 1933) was an influential British socialist, womens rights activist, theosophist, orator, writer, and stalwart supporter of Irish and Indian self-rule. Originally published in 1904, this scarce classic is proudly republished here with a new introductory biography of the author.
